

## BLOCK DIAGRAM OF COMPUTER

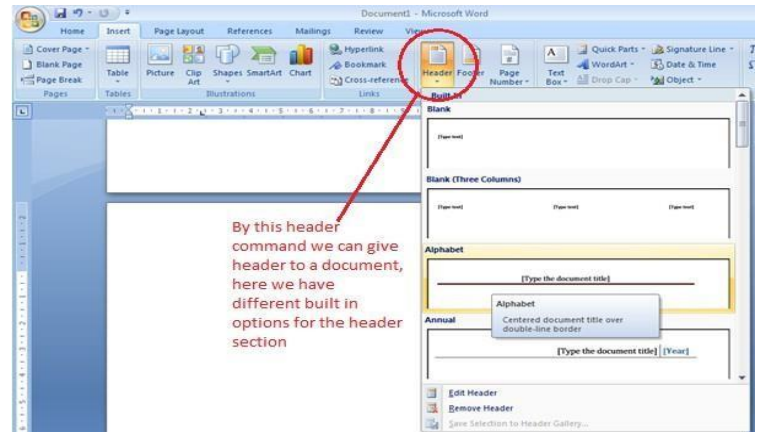

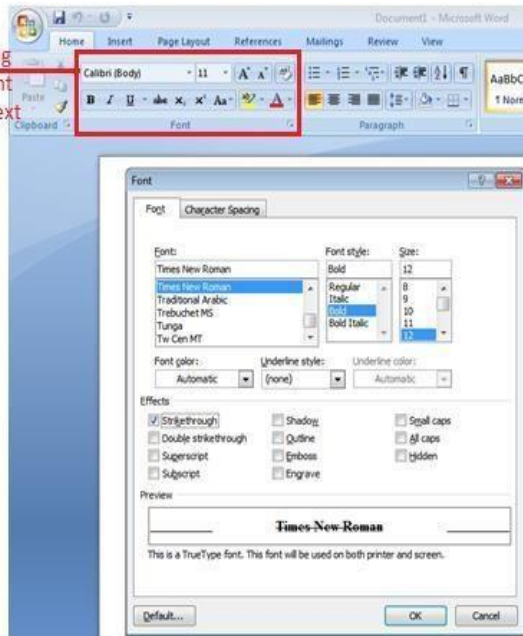

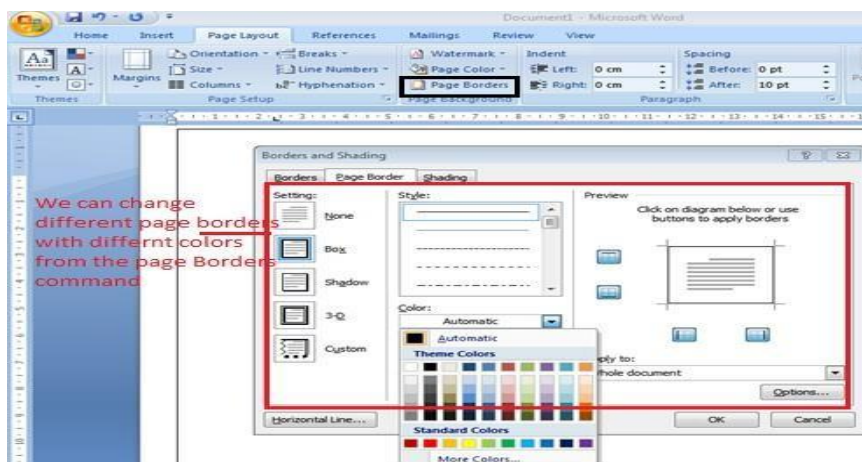

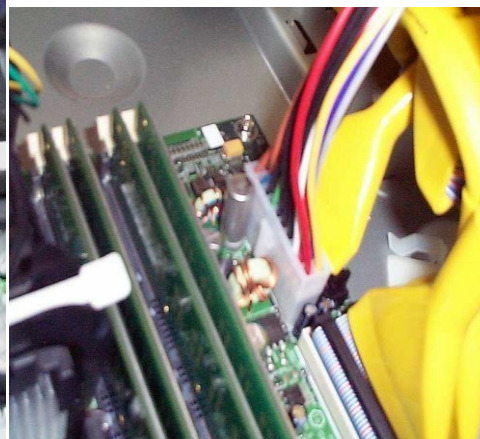

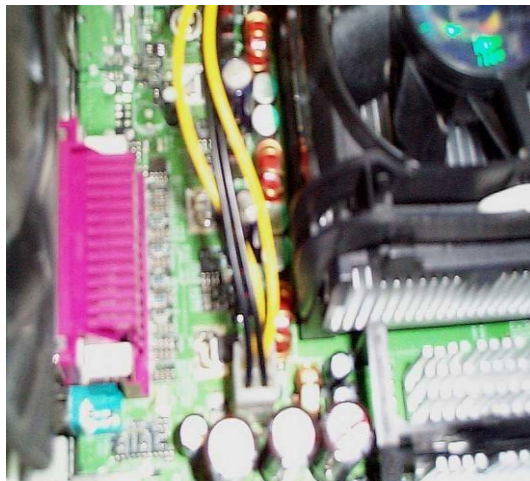

Used for Formatting  
Fonts with different  
fonts, font sizes, text  
effects, and so on

By this header  
command we can give  
header to a document,  
here we have  
different built in  
options for the header  
section

We can change  
different page borders  
with different colors  
from the page Borders  
command
